# Activation Instructions
Single license

Following purchasing Little Nudge, you will receive an email with a file attached which you can use to activate Little Nudge. Follow these instructions to activate your license:

1. Download and save the file in a memorable location on the computer which you have Little Nudge installed on. (There is no need to open the file.)
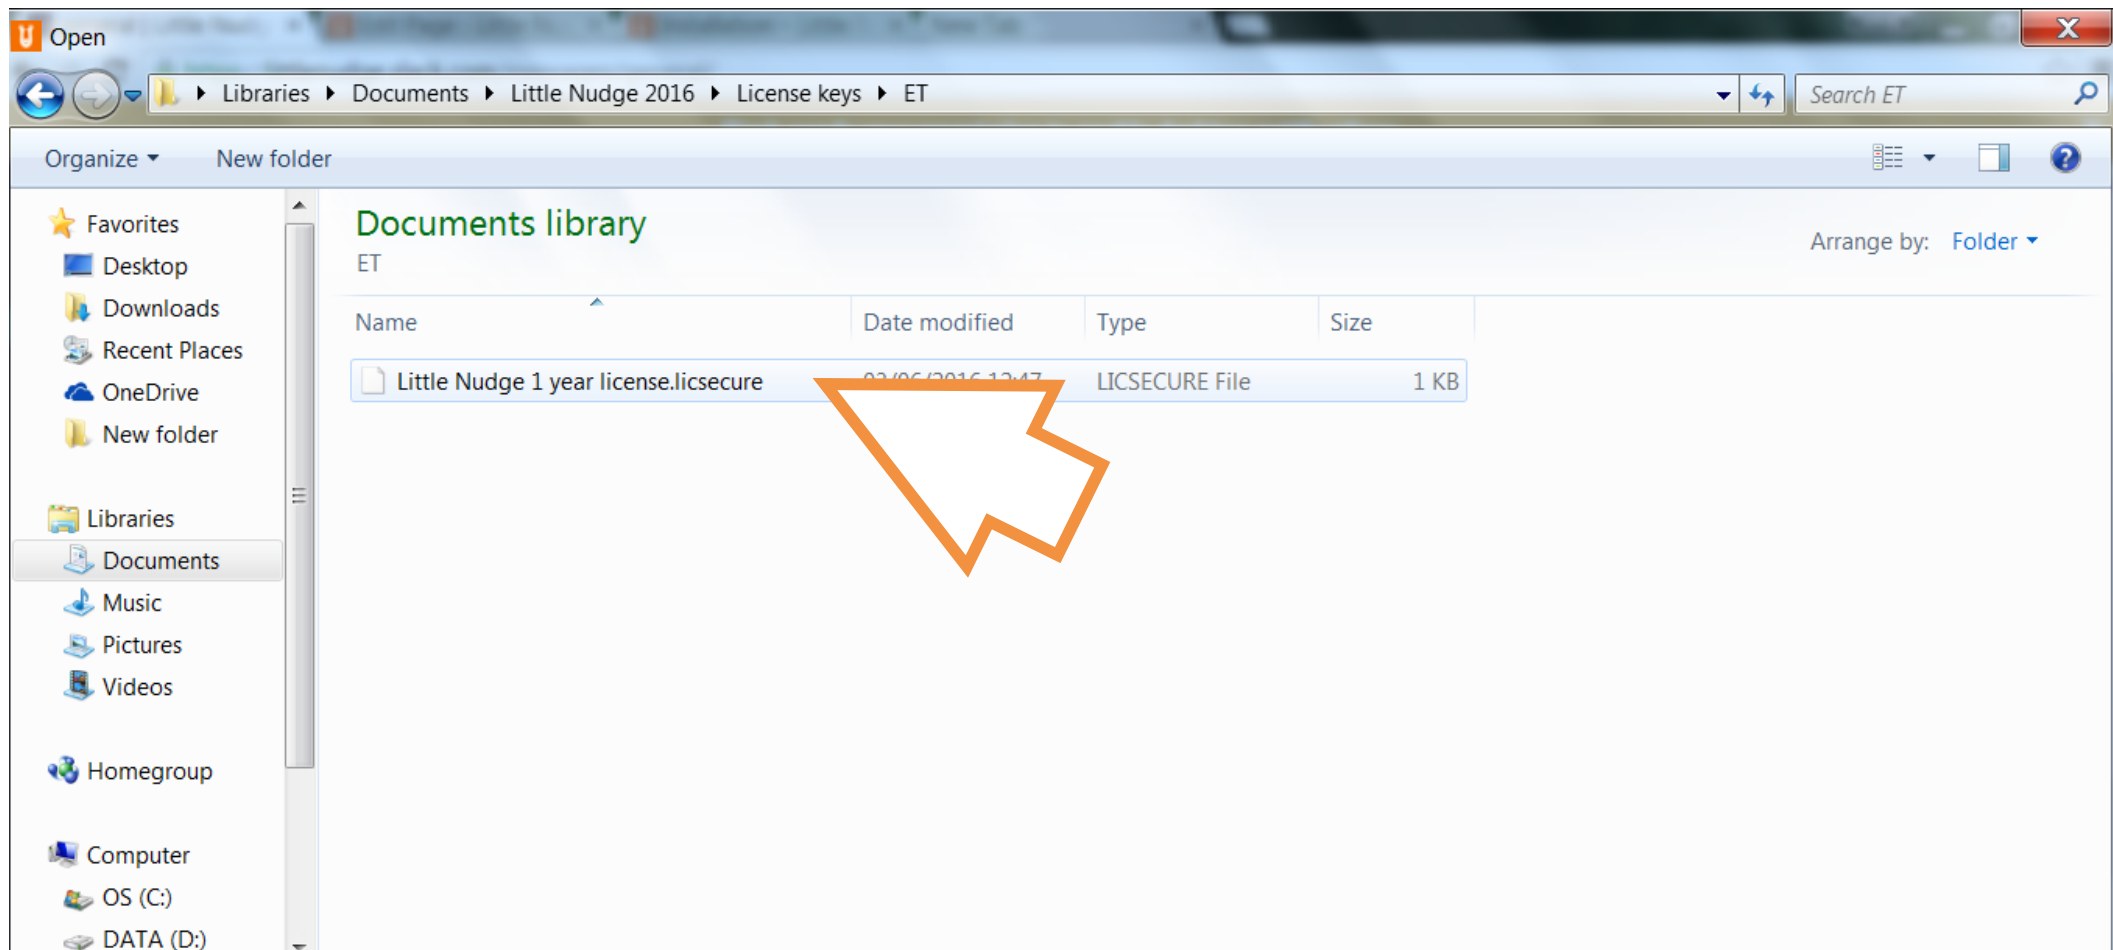

2. Right- click the Little Nudge icon on your tool bar and 'click activate':

3. Click Activate:

4. Scroll to where you have saved the activation file and double-click

5. Click 'OK':
